

British Paediatric Mental Health Group

Application for Membership

The British Paediatric Mental Health Group is open to all those interested in the mental health and psychological well-being of children – paediatricians, psychologists, psychiatrists etc. The group is affiliated to the RCPCH and the officers are members of the RCPCH with a co-convenor from child mental health. The aims of the group are set out in the constitution – essentially to promote exchange of ideas and good working relationships between the professions and to promote teaching and research. There are 2 meetings each year – a winter residential meeting and a session as part of the RCPCH Spring meeting in York.

There is a £15 annual fee to cover secretarial and postal costs. Please set up a standing order with your bank for this amount. The group's banking details can be found on the attached standing order mandate.

I wish to apply to become a member of this group:

Name:

Job Title

RCPCH member? Yes/No If so, please give number:

Registration with other Professional Body? Yes/No If so please give name:
.....

Work Address:
..... Postcode:.....

Address for correspondence:.....
.....Postcode:.....
